

Activity-Specific Electrical Worker Qualification Form - Course #2024

Name _____ HID# or payroll # _____

Company (if not PNNL staff) _____

A qualified electrical worker is anyone whose immediate manager has determined that they have the skills and knowledge related to the construction and operation of electrical equipment and installations and has received safety training on the hazards involved. Only those persons that are both qualified and authorized may install, fabricate, repair, test, calibrate, or modify electrical or electronics parts.

Part 1 – Identification of Authorized Electrical Work, Work Experience, and Training

Section 1 - Select the type of work the electrical worker will perform (see associated sections of work control):

Energized Diagnostic and Testing De-Energizing Other

Describe the job-specific function or activities to be performed. (The description should cover the range of work that can be safely performed, and restrictive enough to prevent work being done outside of the worker's abilities or experience. If the qualified electrical worker is working in a defined work space, identify the specific work space.)

Section 2 - Characterize the experience and/or training the electrical worker has:

Degree in technically related area Journeyman Electrician Years Relevant Experience _____
 Other Technical Training _____

Section 3 - Select the formal training required for the activity(s) described in Section 1 (choose either 2000, 2001, or 200x, and then other courses as appropriate):

- Course #2000, Power Distribution and Equipment Electrical Safety
 Course #1014 Electrical Worker Safety Training (*prerequisite for #2000*)
- Course #2001, Equipment, Limited Scope Electrical Safety – work on equipment only, not building power distribution
 Course #1014 Electrical Worker Safety Training (*prerequisite for #2001*)
- Course #200____, OJT – Single Task Custom Electrical Safety Training – work confined to a simple, single, repetitive task
Permit # _____
 Course #1959 Single Task Custom Electrical Safety Training (*prerequisite for #200x*)
- OSHA/WISHA/NFPA 70E training within last 3 yrs – PNNL Electrical Safety approval _____

Part 2 – Manager's approval of qualification form (PNNL staff)

I have verified that the worker named above has the appropriate work experience and has completed the formal training indicated above in order to perform the activities specified in Part 1. This worker is authorized to perform the activities specified in Part 1, Section 1.

Immediate Manager (print and sign name) _____

Date _____

Part 3 – Send this form to the PNNL Training Coordinator

All of the Electrical Safety training requirements identified above have been met by the worker listed at the top of the form.

Training Coordinator (print and sign name) _____

Date _____
