

PACIFIC NORTHWEST NATIONAL LABORATORY advances the frontiers of knowledge, taking on some of the world’s greatest science and technology challenges. Distinctive strengths in chemistry, Earth sciences, biology, and data science are central to our scientific discovery mission. PNNL’s research lays a foundation for innovations that advance sustainable energy through decarbonization and energy storage and enhance national security through nuclear materials and threat analyses. PNNL collaborates with academia in fundamental research and with industry to transition technologies to market.

PNNL BY THE NUMBERS

+ 4,997
Scientists, engineers,
and professional staff
in FY20
