

BEDA Accelerator

February 11, 2020

Agenda

- Round-robin updates on the phone
- Bi-lateral check-ins
- PNNL Update
- Survey

PNNL Update

- Exploring the potential pathways to integrate UBID with Portfolio Manager.
- Working with NREL/LBNL to integrate UBID with SEED.

Survey

- Actively working on survey, targeted at BEDA Accelerator partners
 - Purpose:
 - To understand the respondent's role within their organization
 - To learn about the available data within the respondent's organization
 - To identify software development and/or GIS capabilities within the respondent's organization
 - To describe usage of preexisting UBID software deliverables
- Working draft has been completed
- Next step is to submit to PNNL Ethics committee for internal review
- Expect to share with BEDA Accelerator partners in Feb/Mar 2020

Survey Sections
