

## George A. Guerra

The University of Texas at San Antonio

*CRISP Analyst*

### **What is your research area/what are you working on at PNNL?**

I am working on the Cybersecurity Risk Information Sharing Program.

### **Why did you choose PNNL?**

I chose PNNL because I want to be in an environment that allows me to do more than one task for the rest of my career.

### **What are you most excited to learn at PNNL?**

I love the field I am in, so I just want to learn as much as I can.

### **What do you enjoy doing in your free time?**

I enjoy spending time with my family, gardening, and learning outdoor projects.

### **What are you currently reading?**

I am currently reading *Artificial Intelligence and Soft Computing 10th International Conference*, International Conference on Artificial Intelligence and Soft Computing 2010, Zakopane, Poland, June 2010, Part I.

### **What is your dream job? Why?**

I am not sure what my dream job would be right now. There are a lot of avenues that I would love to go through in my life, so time will tell.
