Workshop on AI for Physical Sciences

March 13-14, 2023

Discovery Hall and Hybrid

[Click Here to Register](#)

Agenda

- Simulation and multi-scale modeling of complex atomistic systems
- Applications of predictive models
- Optimal design of chemical structures/mechanisms
- Deep dives
 - Catalysis
 - Infrastructure for AI-enabled science
 - Quantum Computing

COMPUTATIONAL
AND THEORETICAL
CHEMISTRY INSTITUTE
@ PNNL
