

# Small Business Program

## Partnering for Success

PNNL is operated by Battelle for the U.S. Department of Energy (DOE) under contract No. DE-AC05-76RL01830. We are responsible for procuring high-quality products and services for the Pacific Northwest National Laboratory. In a cost-effective, timely manner, we seek competition to the fullest extent possible and are dedicated to the highest standards of ethical conduct throughout the acquisition process. We strive to place a fair portion of our total acquisitions with qualified small businesses.

The Pacific Northwest National Laboratory advances science and technology by rapidly translating discovering into solutions for challenges in energy, national security and the environment. We welcome the opportunity to partner with responsible suppliers who are committed to delivering high-quality goods or services on time and in accordance with contracts. Contact us to let us know how your business can help us meet our needs.

## DOING BUSINESS WITH PNNL

As a research-and-development organization, PNNL purchases a broad spectrum of goods and services from responsible suppliers committed to delivering on time and in accordance with the terms and conditions of the contract. PNNL purchases over \$200 million from small businesses each year.

We rely on your specialized goods and services to successfully accomplish our mission. Contact us—we look forward to talking with you about doing business together.

“We depend on small-business partners who will be instrumental in helping PNNL reach the next level of excellence in science, energy, national security, and the environment.”

**—Steve Ashby, Director, PNNL**

# SUPPLIER REGISTRATION

Promote your company: go to PNNL's Aquisition Supplier Portal—<https://ebs.pnnl.gov>—and become part of a supplier database accessible by thousands of potential buyers.

## SOLICITATION WEBSITES
